# DIE & MOULD INDIA

## DIE & MOULD AT A GLANCE:

---

- + **More than 50 years' experience** and over **20,000 successful customers** in the Die & Mold sector
- + **Integrated product portfolio for all work pieces** from 10 to 6,000 mm and up to 150 t as well as standard and individual automation solutions.
- + **Best surface quality down to 0.15 µm** due to long term precise linear drives with up to 2g acceleration and measure systems from MAGNESCALE
- + **speedMASTER spindles up to 30,000 min<sup>-1</sup>** or up to 200 Nm as well as special HSC spindles up to 60,000 min<sup>-1</sup>
- + **LASERTEC Shape**, for defined texturing of surfaces
- + **Exclusive DMG MORI Technology Cycles** and software options, 3D quickSET for highest kinematic accuracy, ATC for perfect surface quality, MPC 2.0, ACC, etc.

## INVITATION TO DIE AND MOULD MUMBAI!

Dear Sir or Madam,

We cordially invite you to visit DMG MORI's booth at the 2018 Die & Mould India exhibition.

With this edition of Die and Mould India, we bring you the latest in machining technologies and innovative software solutions for a digital future.

Experience how DMG MORI implements productive manufacturing concepts for the challenges associated with die and mold making with LIVE Demos on all exhibited machines. You can also 'Meet the experts' who will work together with you on competitive manufacturing concepts both for small as well as large molds and dies.

We look forward to your visit!

**Miyamoto Shinji**  
Managing Director  
DMG MORI INDIA

**Sunil Rao**  
Deputy Managing Director  
DMG MORI INDIA
